Sat 23 rd January 2010	Penrith	4.00 pm – 5.30	Glasgow
Sat 27 th Feb 2010	Cockermouth	4.00 pm – 5.30	Laaaaverly Lincolnshire! (striking!)

Please display this notice in your tower so that dates can be put into diaries.

There are a few “oddballs” in here!

Greystoke :- a chance for those want to move on from plain bob. Easier methods as a result. Support from both those that want to make that move, and those that can help them, is essential.

Penrith :- Kent and Bristol. A positive encouragement for new faces who want to take their first steps in treble-bobbing on eight, and Bristol at the other end of the spectrum. It will be good to see new faces and hopefully give everyone a challenge. Cambridge and Yorkshire still there, of course!

Uxbridge and Lessness An easy excursion away from the “standard 8”. Uxbridge because I like it, Lessness as it’s just messed about Uxbridge!

Penrith 23rd Jan 2010. Glasgow again to start the year off. A definite success in 2009 so let’s hope that 2010 will be so too. This practice is NOT the same as one of our previous Glasgow practice where that was all we rang. Kent, Cambridge and Yorkshire as usual. Being at Penrith I hope we can again encourage a few folk from the South of the county, and maybe further afield

Cockermouth 27th Feb 2010 A real concentration on striking – lets make Lincolnshire sound really good.

I would assume that we will **always** ring at **least** one touch of Cambridge, so don’t be shy!

If you have any questions please call Nick Tithecott on 01931 715438.
